

All Triple Threat, All Day

This is Stephen A Smith reporting for the SABL and quite frankly the Triple Threat vs HitMen game is not going to be much to report on.

Triple Threat is ranked first in the power rankings, in the actual rankings, and in everyone's rankings. HitMen went 0-4 to get in to the playoffs and the only reason that they are in is because the other teams that were behind them couldn't win either! You're telling me that people are calling for this game to be a potential upset, well I'm Stephen A Smith and quite frankly other people are stupid.

The team with the best players on the floor not only usually win the game but they always win the game, and last I checked the dynamic duo, the powers of pain, the tremendous tandem of Abdullah and Joe happen to be the two best players in the game.

HitMen you're gonna have to drive that lane all day and grab every offensive and defensive rebound, and you know how you're gonna do that? 2 words for you SIMRAN LAMBA the big man is going to turn Triple Threat into double threat because he is going to eat up whoever is guarding him. But who is going to step up and help him? Last I checked Triple Threat had the dynamic duo and the HitMen had the Lone Ranger and quite frankly 2 is always better than one.

League sources are telling Stephen A. Smith that the HitMen are going to be coming in with a game plan on how to stop Abdullah and Joe but I'M NOT BUYING IT. Last year's champions and now a first round exit.

What's the hold up with those damn Cheese Doodles, BT!
